To Whom it may concern,

MAKE Architects have pleasure in endorsing the high quality work manufactured and installed by DJS Cabinetry.

DJ and his team have a focus to deliver high quality cabinetry, with a “can do “ attitude where nothing is too difficult to tackle.

As architects we require articulation of our design detailing to be manufactured with finesse and care, and installed with the same attitude; it was a pleasure to find that DJS Cabinetry shared this same philosophy.

DJS Cabinetry provide flexible work programmes over a difficult closure periods to ensure that cabinetry is installed within the short windows of opportunity and that facilities have full functionality when reopened. Sites are left clean and tidy to the satisfaction of the clients.

We have full confidence in DJ and his team and look forward to working alongside on future projects.
